

INTRODUCTION

- Keywords & Identifier
- Statements & Comments
- Python Datatypes
- Python I/O and Import
- Python Operators
- Operator Precedence

FLOW CONTROL

- Python if...else
- Python for Loop
- while Loop
- break and continue
- Pass Statement
- Looping Technique

FUNCTIONS

- Python Function
- Function Argument
- Python Recursion
- Anonymous Function
- Python Modules
- Python Package

NATIVE DATATYPES

- Python Numbers
- Python List
- Python Tuple
- Python String
- Python Set
- Python Dictionary

FILE HANDLING

- File Operation
- Python Directory
- Python Exception
- Exception Handling
- User-defined Exception

OBJECT & CLASS

Python Namespace

Python Class

Python Inheritance

Multiple Inheritance
